Experience

FRONT-END DEVELOPER, GRACE HILL – JUL.2016-PRESENT

Contracted for rounds of QA before the launch of new learning software.

FRONT-END DEVELOPER, THOROUGH CARE – JUN.2016-JUL.2016

Contracted to build out the new front end of their existing healthcare software, to allow for scalability.

FRONT-END DEVELOPER, FREELANCE – APR. 2016-PRESENT

FRONT-END DEVELOPER STUDENT, SELF + THE IRON YARD – SEP.2015-APR.2016

I began self study in September of 2015 before attending and completing the Front-End Engineering course at The Iron Yard from February - April 2016.

MEDICAL BILLING, KUDZU MEDICAL – MAY.2015-SEP.2015

This was a temporary job through Kudzu Medical staffing. I worked for Pain Management Associates in Downtown Greenville. I was hired temporarily to sort through and organize thousands of past due bills from another pain management company that they acquired.
