People-centered designs for the future drive me forward.

Designer who embraces solving problems with a results-orientated approach hidden in visually appealing designs and meaningful projects. Master's student in Classical Archeology, fascinated in understanding the shared human behaviors of our ancient past.

EXPERIENCE

HIVE | June 2018 - Aug 2018

Rethinking the possibilities of a cloud storage platform to combine efficiency and visually appealing design. Developed with Figma, Photoshop, InVision, Illustrator.
MOBILE: <https://invis.io/H2OKAY28PTG> DESKTOP: <https://invis.io/N6OKCZ7TPQ3>

BUSY BUS | Feb 2018 - May 2018

Application to give commuters more predictability in their transit. Includes bus schedules, locations, and ETA, so commuters can plan their routes. Developed with Figma, Sketch, CSS, HTML. GITHUB: <https://github.com/Dmdams/busy.bus.git>

UX/UI Apprenticeship, Bloc | Nov 2017 - Present

Developing UX design, UX research, interaction, and front-end skills to produce fluid and visually appealing experiences under the guidance of senior designers. Solutions through design process: UX research, wireframes, mockups, prototypes and testing.

Marketing & Design, ELOA Berlin | Aug 2015 - June 2016

Assistant to Designer in all aspects of developing a creative lighting business including: marketing development, inventory, event planning in design fairs, social media, sales, website design, product photography, and production.

Marketing Assistant, JUF Chicago | Sept 2013 - June 2014

Assisted the Executive Director, with all office management and event planning. Took initiative in designing creative marketing materials including event visuals and copywriting for trustee correspondence.

EDUCATION

Universitat Rovira i Virgili | Oct 2018 - Present

M.S. Classical Archaeology, Digital Heritage
